WHY

COMBINATION OF FACTORS

Costs of pet ownership and services/medical/food/supplies all increased 9% (average) over last year. *Study by Forbes said that 42% of pet owners said a vet bill of \$999 or more would cause them to go into dept.*

Lack of staff and resources also impacted the well-being of animals. Lack of people-related resources (fosters, volunteers, staff, etc.) negatively impacted the outcome of animals
